

CROWLEY ASSOCIATES

UPSTATE NY

LINECARD

Manufacturers Representative

For almost four decades, Crowley Associates has provided exceptional representation and service to our manufacturers, channel partners, and customers.

GLOBAL LEADER IN HIGHLY ENGINEERED PRECISION POWER CONVERSION PRODUCTS

AC-DC Power Supplies: Modular/Configurable Multi-Output; Bulk Power Single Output; Fanless/Conduction; Rack Mount; Low Power Internal; Low Power External Adapters; High Voltage; Amplifiers.

DC-DC Power Converters: Low Voltage PFC and High Power Board converters; Telecom/Network Brick and Point of Load converters; High Voltage Output Converters.

AMPHENOL ADVANCED SENSORS, WITH A PORTFOLIO OF INDUSTRY LEADING BRANDS

Thermometrics- temperature sensors NovaSensors- pressure sensors Telaire, air quality sensors.

Innovators in advanced sensing technologies and innovative embedded measurement solutions customized for industry driven applications.

SGX SensorTech- A world leader in gas detection sensors using catalytic beads, infrared, metal oxide, electrochemical, MEMS Pellistors, thermal conductivity, and integrated IR technologies.

MAKING LIFE BETTER WITH TECHNOLOGY IN SENSING, ILLUMINATION AND VISUALIZATION

LEDs: Low medium and high-power white, color, multicolor, chip LEDs, modules, optical modules available in UV-C, and IR. Lasers: Color lasers blue and green EEL and VCSEL, IR lasers EEL and VCSEL.

Sensor Solutions: Ambient light, time of flight, infrared, CMOS image sensors, magnetic positioning, axis magnetic angular position, capacitive, X-ray, digital temperature, noise cancelation, inductive, Phototransistors and Photodiodes.

Eval Kits: Time-of-flight, vital sign, spectral, proximity, digital temperature, Raspberry Pi, and magnetic rotary position.

ELECTRONIC ENCLOSURE MANUFACTURING

Bud has been a leading electronic enclosure manufacturer for the electronics and data industries for over 90 years. Extensive line of affordable products ranges from small metal and plastic electronics enclosures to large cabinet racks with many NEMA/IP67 Specifications. Bud also has experienced Engineering Staff to Design and Modify your designs to match your particular needs.

A LEADING MANUFACTURER OF ELECTRONIC CABLE SINCE 1919

Consolidated Electronic Wire & Cable is a full line source for all standard electronic wire and cable serving the needs of our industry for over 100 years. Product offering of category and Lan cables, extruded flat cables, coax, fire alarm cable, portable cord and power cables, limited tray cables and uninsulated wire. Markets serving factory automation, green technology, industrial, lighting, military, aerospace, and telecommunications industries. Offering a full resource library for your cable requirements.

FAIR-RITE PRODUCTS IS A PROVIDER OF STANDARD AND CUSTOM FERRITE PRODUCTS

Board and cable EMI Suppression and Power & Inductive components. Product offering includes EMI suppression beads, PC & chip beads, Toroids, Antenna/RFID, SM beads etc. Designing solutions for markets & applications such as; Automotive, Mil/Aero, Energy, Medical, RFID, Power Supplies & more. They are ISO 9001 and IATF 16949 certified, as well as ITAR compliant.

MANUFACTURES INTUITIVE HUMAN INTERFACE SOLUTIONS THAT MAKE LIFE SIMPLER, SAFER AND MORE EFFICIENT

Touch encoder, optical encoders, mechanical, optical and hall effect joysticks, keypads, pushbuttons; all with finely tuned haptics, ergonomic panels and product shells that integrate various interface technologies, including displays, touch technology, and motion sensing, rotary switches, CANbus Displays, MMI controllers keypad, toggle, rocker, slide switches. Custom solutions serving military, off-highway and healthcare with value added assemblies.

HIGH QUALITY CIRCULAR CONNECTORS WITH METAL OR PLASTIC HOUSINGS

Push-pull models feature self-latching positive locking with an audible click. Threaded coupling models offer either loose nut or ratchet mechanism. Inserts accommodate single or multipole low voltage, fiber optic, coax, triax, quadax, high voltage, thermocouple or fluidic/pneumatic contacts. An array of mixed insert options allow for hybrid configurations and customization. Indoor IP50 or ruggedized outdoor IP68 models can be used in many critical performance applications: medical, aerospace, military, industrial control, test & measurement, broadcast video and audio, robotics, and telecommunications.

DESIGN, ENGINEERING, AND MANUFACTURING OF USER INTERFACE SOLUTIONS AND GRAPHIC PRODUCT IDENTIFICATION COMPONENTS

Membrane switches, rubber keypads, capacitive touch, light guides, and touch screens. Plastic injection molding, in-mold decorating, metal and plastic nameplates, as well as several other complementary products and services for custom applications.

NORTHWIRE DESIGN SPECIALISTS PARTNER WITH YOU TO DEVELOP YOUR CUSTOM CABLE SOLUTIONS

Manufacturer of Technical Cables, Retractable Coil Cords and Cable Assemblies for Medical, Aerospace & Defense, Industrial Automation, Transportation, Heavy Equipment, Robotic, Marine & Underwater, as well as Harsh Environments and Flex Cable.

ROSE BATTERIES MAKES MISSION CRITICAL BATTERY ASSEMBLIES

Since 1963, Rose Batteries has provided high technology battery pack assemblies and power solutions for high reliability applications such as medical, asset tracking, utility, robotics, and IoT. We offer all major cell chemistries, from Lithium Ion to LiFePO4 to Sealed Lead, and carry all major cell vendors. Rose Batteries helps engineers and supply chain professionals create high reliability technology at scale by effectively designing and efficiently manufacturing excellent quality batteries and chargers. Rose Knows Batteries.

GLOBAL INNOVATOR, MANUFACTURER OF FUSES, CONNECTORS, CIRCUIT BREAKERS, SWITCHES, AND EMC PRODUCTS

SCHURTER products, circuit protection, power entry modules, EMC filters, connectors, switches and solutions are developed especially for specific industry segments – medical, data and communication, automotive, avionics & space, energy, and the broader industrial market. SCHURTER considers the quality of its products and services as the key factor to the company's lasting success. The safe & easy brand claim not only refers to the products, but also the company's business philosophy, which strives for sustainable success through innovation, high-quality products and service, flexibility, and proximity to customers.

SYNAPSE

SYNAPSE IS AN IOT COMPANY SPECIALIZES IN INTELLIGENT LIGHTING AND INDUSTRIAL APPLICATIONS BY PROVIDING SOFTWARE HARDWARE AND NETWORKING CAPABILITIES

Synapse is an easy-to-deploy, easy-to-use, and easy-to-scale solution that adapts to your organization, facilities, and equipment as they are today without requiring massive infrastructure upgrades. With Synapse, your team can manage, monitor, and gain insights from lighting and significant energy users in the facility, enabling ongoing improvements that pave a clear path toward your control and profitability goals.
